BELLYAK® 2016 CATALOG

## WHY DO WE PADDLE?

**99% of the reasons people paddle aren't for** what you see in magazines. It's not about how big the drop is or first descents... it's about being out there. It's about the feeling of camaraderie that occurs from sharing the experience of floating down a river or playing in the surf. Paddling is a group sport... we depend on our friends for shuttle, for safety, for bringing beer to the takeout. It's about being there, experiencing the freedom of human powered watercraft.

That's why we developed the Bellyak®: to create an interface between man and water that enhances the experience of messing about in boats. For neophytes, the Bellyak® offers an unmatched level of accessibility with no paddle, straps or sprayskirt. For the old pro, the bellyak offers an entirely new challenge on familiar waters. River, Lake, Ocean... anywhere there's water, a Bellyak® can take you there.

FORGIVING

“ I love the connection to the water. It's a lot like being in the ocean on a surfboard, except I can take the Bellyyak® on a river or just float in the lake. ”  
— Lauren Faust

# FREQUENCY

The Frequency is the original lay on top kayak.

Perfect for cruising your local river or exploring hidden backwaters; prone paddling provides an excellent workout in an intuitive package. The Frequency features integrated toe braces for better body to boat contact, and a water-tight hatch for your necessities. Fast planing hull is perfect for river, lake or surf. Optional drop in fin is great for surfing or cruising flatwater.

# PLAY 45

The biggest of the Play series, the Play 45 is a high performance interface between rider and water for bigger folks. The extra size and volume also makes it a great boat for anyone running steeper and/or bigger water. The extra volume provides increased stability for first timers, making it a great choice for rental operations for whitewater or surf. The Play 45 is our most versatile design in that it will suit a wide size range of paddlers.

## Specs

LENGTH	7'7" / 231 cm
WIDTH	25" / 63.5 cm
WEIGHT	30 lbs / 13.5 kg

bellyak®

“It was so liberating the first time I tried it: no confined spaces or numb legs and feet. I USED to kayak. I have found a new joy in river sports – the Bellyak®.”

— Callan Welder

# PLAY 35

Re-defining freestyle paddling in a whole new way without straps, a skirt or a paddle. Primarily designed to be ridden laying down, the Play 35 becomes the medium to enhance the awesome factor of any type of water. Low volume stern allows explorations into the vertical realm while seated or kneeling and the high performance planing hull responds to your every intention. Propelled by webbed gloves and only limited by your skill and imagination.

## Specs

LENGTH	7'7" / 231 cm

# ACCESSORIES

## Bellyak Glove

The Bellyak Flow Glove provides the best combination of power and flexibility of any webbed glove on the market. This glove is constructed of durable 3mm neoprene that offers warmth and protection for all types of water. The titanium insulative layer adds additional warmth. Mesh skin palms add extra grip and durability. Flexible plastic shims between the fingers offer rigidity, yet still allow for plenty of dexterity for carrying and remounting the Bellyak.

## Bellyak® T-shirts and Hoodies

These are made locally by Recover Brands. Everything Recover makes is 100% recycled – the cotton comes from recycled industry scraps and the polyester comes from recycled post-consumer plastic. They also avoid using dyes in the manufacturing, which saves tremendously on water and energy. The result is a high quality, high performance garment that looks and feels great!

Bellyak, Inc. 2014, Protected by Utility Patent #8,696,395 B2 and US Patent #D663251

# OUR MISSION

**At Bellyak our goal is simple, to enhance the fun factor for all watersports enthusiasts by making the water accessible in a whole new way. Our lay-on-top kayaks allow people to experience the sport of bodyboating™ and experience the feeling of flying on the water.**

**Whether new to playing in the surf or an experienced white water kayaker, the intuitive nature of paddling a Bellyak provides maximum fun with a minimum learning curve. At Bellyak, we have spent years testing and perfecting our boats to ensure quality design, technical innovations and trustworthy manufacturing. Visit [Bellyak.com](http://Bellyak.com) for a dealer near you.**
